mobo slot for the host card so you can just hook up the cables and your WC module. Of course, I will be available for phone support if you need help getting up and running and if you're not too far away, I might consider delivering it and setting it up for you.

Fire it up and make music or keep what you want and part the rest out yourself.

\$4500.00 plus shipping for the lot or I'll entertain offers. Everything guaranteed to work except the IF2 port on one of the MECs.

For another \$500.00, I'll thro

w in the enough 8 channel TRSM>TRSM snakes
(all are Mogami except one beautiful Horizon snake) to route every analog I/O in this whole rig to 1/4" balanced patchbays. These snakes are all between 15' and 18' long.

End of a 9+ year odyssey.

DeejHi Joey, I have emailed you about the EdS1000
