Burkett's book is well researched, documented and footnoted.

Read it and discover for yourself the reality of the vietnam soldier,
not the one in the movies.

Lies. No one sends any kids anywhere.

This, of course has been said to you before.

In reality, more than 60% of ALL taxes are paid by the top 10% of
wage earners.

Are there tax cheats? Yes, in every bracket. But going after the very

people who start companies and create jobs is socialist foolishness.

When is the last time you were hired (and paid a good wage) by a
poor person?

Last time I looked at tax forms, it was against the law not to pay your =
legally deemed fair share of it, unless you had non profit 503c or =
equivilant status.=20

U.S. tax law determines tax status in the following four categories: 1) =
U.S. Citizen, 2) Permanent Resident Alien ("green card" holder) and =
immigrant, 3) Resident Alien for tax purposes, and 4) Nonresident Alien =
for tax purposes. The special IRS withholding rules do not apply to US =
Citizens, Permanent Resident Aliens ("green card" holders) and Resident =
Aliens for tax purposes.

Nonresident aliens

for tax purposes are those non-U.S. citizens who do =
not meet the Substantial Presence Test (SPT). The SPT is a mathematical =
formula that calculates the number of days present in the current =
calendar year and the appropriate preceding two to six years. An =
individual that meets the SPT is considered a resident alien for tax =
purposes.

An individual's days of presence may be exempted when calculating the =
number of days for the Substantial Presence Test if s/he is:=20

a.. An F or J student. Days of presence are exempt for the first five =
calendar years.=20
b.. A J Visitor (non-student). Days of presence are exempt for the =
first two calendar years.=20
A nonresident alien must complete IRS Form W-4 according to the IRS =
regulations outlined in IRS Publication 519 (See =
http://www.irs.gov/pub/irs-pdf/p519.pdf).

Should a nonresident alien employee not complete the IRS Form W-4 =
according to the IRS guidelines, Georgia Tech will be required by the =
IRS to withhold the maximum amount of withholding for federal taxes.

For a more complete description of the above information on IRS Tax =
guidelines, see IRS Publication 519 (See =
http://www.irs.gov/pub/irs-pdf/p519.pdf).

An illegal alien can't have any of the quoted status above. Therefore, =
they don't pay wage taxes unless they have an employer just begging for =
it that reports/pays on them. Not likely, but not impossible I suppose. =

While the issue of tax liability was raised during the announcement of =
the immigration reform proposal on Thursday, the response of Homeland =
Security Secretary Michael Chertoff left some ambiguity.=20

Referencing illegals who hoped to attain legal status under the Senate =
bill, Chertoff said, "You've got to pay your taxes."=20

http://www.worldnetdaily.com/news/article.asp?ARTICLE_ID=3D5 5786

Above is an opportunity for IA's to catch up. Think they're gonna do it? =

How many you think are gonna do it? I'd guess a veeeery small =
percentage, but it's a guess only at this point based on currently =
available data.

While there are levels of criminality....Explain: How's that not =
criminal, LaMont, to not be paying the wage taxes?
And would you reward this behaviour with free health care, paid for on =
the backs of those that are responsible enough to pay taxes and keep =
insurance?

---
crim=B7i=B7nal=B7ly, adverb=20

-Synonyms 1. felonious, unlawful. See illegal. 6. malefactor, evildoer, =
transgressor, culprit, felon, crook, hoodlum, gangster.
-Antonyms 1. lawful. 2. innocent.

See above definition from dictionary.com

Did Oliver Stone put out a new movie, or do you have another 'reliable' =
source for the definition of criminal you're pulling from?=20

See above. Answer the above question posed to you. I did not, note, say =
that all illegal aliens (yes, even those from Mars 8*P`) are bad ppl.=20
I did say they're here illegally. They are.=20
I also said I'm not interested in funding their health care while =
they're undermining the economy which I'm live in. I'm not.=20

Any points about that position that aren't clear?

If you'd care to google, you'll find that pretty much (if not) every =
country in existence has some skeletons in the past. The Crusades, Rome. =
Nazis. Sects of religions have arguably the bloodiest of battles. Man =
has a dance in all ages with evil and power. The thing is to have =
learned from the past, not repeat it if possible, get over it and move =
on wiser. You seem to have some issues with letting the past go. Why is =
that man?
I'm not talking about the past, I'm in the here and now talking about =
the current illegal alien issue.=20

Brother, put your preconceptions aside because it's blinding you to =
current realities. I really mean that in the best possible way. I've =
been funnin' you a little here but serious time. You have GOT to let the =
hate go, it's a cancer.=20

That's correct, stay away from 50ms lookahead, which is all the way to the

Help must be defined as opportunity, not handouts. The welfare state
has helped cause the current crisis in the black family by paying more
money for unwed children, and many other abuses.

Black americans, when given opportunity do very well. You don't need
the white liberal democrat patronage system, that is for damn sure, but
that is what you are offered by those who make you promises of results
rather than promises of opportunity.

King would kick these frauds in the ass and send them on their way.
That's the part you hope no one notices.

King has become a part of the culture, and his views have become
mainstream. The current "leaders" have to invent controversy and
race-hustle every situation they can to continue their careers and lavish
lifestyles.

Where is there not? But there will be none in my house.

According to one of the sites you linked (which largely agrees with you)

http://www.cis.org/articles/2004/fiscalrelease.html

illegal aliens pay an average of $4,200 in federal taxes, for a total of
about 16 billion per year.

So despite the status problem you mention, many illegal aliens DO seem
to be paying federal taxes, and not an insignificant amount.

That site goes on to claim that illegal aliens are still causing an
average net drain of $2,700 per household. However this is interesting:
they claim that if illegal aliens were made legal, they would have an
average net drain of almost $7,700 per household, almost triple.

I don't know if those figures are solid, but I believe illegal aliens
ARE contributing to the federal tax system. It would be interesting to
know if those who have been here for a while and have become somewhat
established contribute more on a yearly basis than those who have just
arrived.

Cheers,
-Jamie
www.JamieKrutz.comAaron, I'm following your links/sources, this one looks at lifetime tax contributions.

(859) 635-5762Hi,

I have a friend (it's not me honestly... still Paris through and through...
;o) who uses Logic and has a very old audio card which is fairly dodgy and
needs an upgrade. He's a drummer and mostly tracks drums, so he needs 8 tracks
minimum (and the budget is not likely to stretch beyond that).

Anybody got some suggestions as to what may be a good card to get? And/or
opinions specifically on the M-Audio cards?

Thanks,

Cheers,
Kim.either way he'll be pissing away his day.

for the work I was doing, (am doing), but that was a replacement for a 1010
LE that I had originally that was crap.
There was so much noise getting into the preams from the computer, it was
unuseable.

The dealer didn't have any more in stock so they gave me the rack version
instead...and I was really happy.
I now use the M-Audio Mix Control firewire unit so the 1010 is relegated to
emergancies.

I've been worrying more about the swarms of &^%$*&^$%#!%& bloodsucking gnats

I'm properly hydrated and healthy so that they have something to eat I've

These things just consider bug repellant to be a condiment.

It almost rained yesterday.....almost. Maybe I'll wash my car. That should
get the strom clouds rockin.

;o)Bill... The non-free ones I own are Voxfomer, Gliss EQ, and

Transmodder. Definitely Voxformer - if you try nothing else,
try that one. Download it, and try it on your wife's voice
using the "Nice & Transparent" preset... good starting point.

Out of the free ones, I've tried most of them, but the ones I
kept are:

EssEQ
Span (a tool, really, not an EFX plugin
Tempo Delay
r8Brain
Overtone GEQ

You will have an excellent pair of A/D's for critical tracks, and excellent

pair of D/A's for monitoring your mix and a kickass clock for syncing up
your whole system.

DeejWe threw out some fried chicken earlier today into a big dumpster that sits
between our house and the property next door. A little while ago, the dogs
started going absolutely banannas. I looked outside and there was this huge
black bear digging through the dumpster.....and I mean huge. One of the
biggest I've ever seen. Unfortunately, he's pretty bold and would not spook
when we yelled at him to try to scare him off. That's bad news for bears
around here. I have noticed a few of the local trashcans overturned in the
mornings. Once the neighborhood starts complaining, the animal control dept
will trap him and relocate him and if he returns, they will kill him. I'm
going to get a bear proof trashcan for the organic stuff we throw out. I'd
hate to see this guy get popped. He's magnificent, but easily a top of the
food chain predator.

DeejBill, sweetie, I think you seriously underestimate the fashion-consciousness
and yes, even the vanity of your fellow male musicians. Come on, really,
who here would be caught dead on stage with a lime green instrument?
Please.

And be real, dude, this goes for the purely engineering/producing guys, too
.. . . you think they make all those rack-mountable gadgets look so pretty
and colorful because they think women might be shopping for the latest
outboard recording gear? Don't you read Mix magazine and look at all the
pretty studio pictures? That's fashion and style, dear. Those are big
shiny flowers designed to attract all those creative little honeybees with
song to sing. Or buzz. Or a song to sting? :) Heh. Sorry.

Now . . . trying to fit in with the guys?! If I was really trying to do
that, it wouldn't really take much effort on my part. Trust me, I can leave
my socks in the living room, abuse the TV remote, stack dirty dishes in the
sink, and say complete sentences when I belch, etc., with the best of them.
Trying to fit in with the guys . . . feh. What do you think, that I envy
your ability to effortlessly airbrush the toilet area with urine?

Hey, put your gear where your mouth is . . . show us a pic of your guitars
and stuff. I bet it's all real purty to look at.

In an effort to appear to be be as manly as possible, I have decided to
spray paint all of my gear flat black. Maybe if I can manage to get a bad
flareup of malaria, I can achieve this with urine, plus I will be marking
my turf..We're got a guy who is living in a Winnebago on the property right now..a
friend of a friend ....(shit like this happens all the time in
Colorado....people will camp anywhere in the summer)....we just call him
DuPree. He bought a used, full sized refrigerator yesterday and has it
hooked into the power grid. It is sitting outside his Winnebago, next to a
tree. I can't wait until he goes grocery shipping and Mr. Bear gets a whiff
of the goodies inside.....and it also ought to be interesting when the
rains start and this big electrical appliance is sitting out in the mud,
becoming one with the "ground". He also has a couple of cats that he just
lets roam around outside. If they come in our back yard they will be greeted
warmly by Crash and Muffin.. If they go the other direction they are right
in the middle of "Pet Cemetery Road"...and then again, there are coyotes
around here.....and bears. I feel sorry for these kitties. I hope

they survive their vacation.

I've been getting so fed up with the PC that I'm considering getting a Mac

I use a Magma expansion chassis for my UAD-1 cards, so I need a Mac with
at least one full sized PCI (not PCIe) slot. What was the most powerful of
such Macs? I think they now have only PCIe slots.

I think maybe the G5 Dual 2.7, but I don't want to make an expensive mistake.

ThanksKeep in mind, that depending on which version of Magma you have, you
can get a PCIe host card to run it. Ours is slightly older so it
would need additional parts...

This is the reply I got back from Magma:

Unfortunately, since you have one of the older 13 Slots with the DEC

Following is a quote for the 13 Slot board-set:

Current Lead-Time: 1-2 weeks after the receipt of the order. Our PCI expansion products are sold with:

If you would like purchase direct, we accept Visa, MasterCard, American Express or payment in advance by wire transfer (include a $25 wire transfer fee).

If you have a newer non DEC model (PCI-PCI Bridge = J) the upgrade would be less expensive.

The proper way to run PARIS with FireWire--
load PARIS on the resident HD along with the OS
and then record to the FireWire drive(s)-- is this right?

I need to slow down the tempo of two songs but at the multitrack
level. I've heard Waves Sound Shifter is very good compared
to Melodyne. Almost no artifacts.=20

Are there any others I should look at before dumping large cash on one?

Sound Shifter comes as a full working demo. I wonder if Paris
will like it? I want to use it stand alone if possible too.
Cubase 2 is also a way to go for me.

As always thanks for your help,

I just got home from Alliston. I sold a piano to the newly renovated Gibson

in concert. I've lived in Orangeville for the last 20 years, where my wife

There's an ex Canuck living in Nashville that my brother, Jim, and his wife

about the using the PCI-e options for the Magma are the
best way to go. You can at least looks at getting a current Mac that way
instead of a used one.

(859) 635-5762Unfortunately the last Mac with regular PCI slots is the G4s. You could get processor up grades, but your best bet would be to get a new Intel Mac, and upgrade your Magma.
