Here is my suggestion, don't mock people, don't put people down, and don't insult people and it won't happen to you!

If you guys don't want this NG to go to hell, try a little more tolerance, and a little more respect. Try to resist insulting and piling on others.

The smartasses may have their laughs and have their fun, but just remember this, it's easy to mock, insult and put down others, but it will destroy this NG. The choice IS up to you guys.
