>> RodOK, I tried a DIFFERENT rack (Kingwin) that I've had for a while, better made, and worked....IT DOESN'T WORK, but I put in the cheapo beige drive that I use (I have several of these laying around) and is works fine. Something is up, because I know the Kingwin rack is good.

RodAre you using a nice "short" high density IDE cable? Try CS mode on the drive to see if this helps also.

David.
