ard (I believe it is an RJ45) and that is not included.

8 input card Black. 2 available. \$80 each

These are the 8 input expansion cards for installation in the Ensoniq Paris MEC. These are the 24 bit A/D converters. They are in very good condition and work fine.

EDS 1000x: \$100 SOLD

EDS 1000: \$35 SOLD

Mushkin Enhanced Silver Line RAM, model 996770 (2 x 4 GB RAM): \$40

This memory pair was included as part of a computer kit I pur
