i have 2 paris station ,,and then i want work paris asio with cubase or samplitude

i have 27 ms out and 23 ms in for latence ,how have you ,,its possible to

reduce ,(its cause paris studiocontrol library)

thank to response

laurentYou'll probably get more response in the IDEA.emuensoniqparis-GENERAL paris group, but to answer your question if I understand correctly...

No, not any way to adjust latency using paris hardware and ASIO drivers.

Paris ASIO is a fixed value only. However, I think there are some people

working on that so keep checking back in.

It was posted to the great white north last thursday.

;)Anyone need a black 8 out card. Its been sitting in its original box a while
now. call me 203-305-3941

thanks

Try this on the main group, Laurent, more folks will see it. But Mike is
working on the ASIO, it's a big priority.

- K

PS: just ignore this attachment, I'm testing.
