There is a significant number of African Americans who think he will be killed. God, that's scary. Both the fact that so many people think it

will happen and the possibility that it could. It would be a very very bad

day in America if that happens. I don't think it will.

DCGive this a try:

even a minimum host computer recommendation. Mac? PC? minimum RAM/Hard
Drive/CPU/Firewire port spec?

Thanks Aaron for pointing out key things that I had not consider. It is way
past time to up-grade my pre-amps and I'am looking to get all I can for the
"bang for my bucks". I'm looking for an 8 channel pre-amp for live drums,
that also has D/I for bass, D/I for guitar, and vocals.
The Focusrite 828 is the other unit I was thinking of buying.
Any recomendation. Budget \$3000 (Does not Have to be 8 Channels)
