>Dear DJ,
My microphones (need a couple of months for final completed mic and accessories)
will have the EF14 tube like the wunderaudio will have the ORIGINAL K47 capsule
(reskinned from a Neumann tech) NOT CHINES CLONE capsules like the Peluso
, I will add 8 polar patern to my U47 will be called mUse47 and has a wonderful
sound.
I already record with my prototype !!

Here's a few more you might like. Control Panel / Display / Appearance / Effects / "Use following method to smooth screen fonts" / Select Clear Type. Makes fonts look much better.

Control Panel / Display / Appearance / Advanced / Item / Icon / Change Font Size to 12. This changes explorer font size and desktop icon size.

And attached are more registry thingies.

Enjoy.

John
