eil comes to mind) with In The Box summing, the old guard companies like SSL, Neve, Trident have rose from the dead and are trying to sell 100k feature-less mixers. Once again, insisting that we turn the clock around and accomodate these old farts :)..

Hey, do'nt get me wrong, I like a trained on the old stuff from the 70's and 80's. I have that sound imprinted in my head. But, If I'm honest, a good monderm mix kills any of those mixes by leaps and bounds. Problem is, we have to start mixing by the rules of digital..

Okay Rant off..
