eil comes to mind) with In The Box summing, the old
guard companies like SSL, Neve, Trident have rose from the dead and are trying
to sell 100k feature-less mixers. Once again, insisting that we turn the clock
around and accomodate these old farts :)..

Hey, do'nt get me wrong, I like a trained on the old stuff from the 70's
and 80's. I have that sound imprinted in my head. But, If I'm honest, a good
monderm mix kills any of those mixes by leaps and bounds. Problem is, we
have to start mixing by the rules of digital..

Okay Rant off..
