Everything has been sold except for this one lonely little old Input card.

(1) Ensoniq 24-bit PCI Input expansion card      \$325

You can email me directly by replacing diespam with jaybelton in the above email address.

Thanks to everyone who took my children into their homes!

>Hi,

I may be interested in some of your Paris parts. Particularly the EDS. Possibly also MEC and 8 in.

I'm in London, UK. Any idea what postage would be on just the EDS? And on the on all three. Also interested on prices (individual and group).

Many thanks in advance,

Daniel
