Is there plugins that go from mono to stereo,

> like in Paris.. or is that just a Paris plugin thingy?

>

> I like the fact that Cubase LE is free with my device... but I am hopeful

> that there is something else out there that operates similar to Paris...

> Anyone?

>Ummm.. not sure. Whatever the latest Cubase LE is... cause it came with a device that is brand new. I am positive it isn't an older copy. But really...

I don't think that matters too much. I would like to find a tracking program for my firewire device that is closer to Paris. Is there anything out there like that? Or, what are some others using that they like besides Cubase?

Oh! and since I don't know what version of Cubase LE I have (I don't have the disc here or the program), I did try the demo of Cubase 4 before this... and
