r; did not take the remote

Marantz CDR500 CD recorder/duplicator

SSI Products consumer Pro-Logic decoder

Sony consumer cassette deck

Sanyo(?) consumer CD player

More, as we take a complete inventory.

Thanks,

Curt,

Northstar Recording, Portland, OregonStill unpopulated and awaiting user input

<http://www.kerrygalloway.com/WikiPARIS/wikka.php?wakka=Paris SkinsOK> Chuck - I can now get this feed working in RSS Owl by pasting this URL manually (sorry, it could be more elegant, but at least you should only have to do it once); let me know if it works for you on sharpreader. Watch out for the linewrap, of course.

Then to my horror, all the other automation to the tracks would not work either. I tried everything. Nothing works, it's like the file got a bug and it will not see any automation information. Can anyone help?

MikeMichael - post this in the main group, IDEA.EMUEnsoniqPARIS - you'll get much faster attention in there.

> MikeFellow PARISians: Saturday night May 10th, someone in a smash-and-grab style burglary broke into our auxiliary building. Police and pawn shops have been notified, and we're keeping an eye on Craigslist. The initial inventory of stolen gear:

PARIS system MEC rack with 4 in/out; did not take the Control 16; the rack will not work without one

Pair JBL 4410A speakers

Carvin double-neck 12/6-string electric guitar, blonde, 1970s era, 12-string on upper neck. There's a split in the finish behind 12-string headboard opposite the nut

Parker Fly electric guitar, 1990s, dark blue

Marantz CD620 CD Recorder
