>I went through this same thing recently. First thing I did was purchase an Apogee Big Ben. There was a noticable difference with big ben. Most noticable in a wider sound field. It was really obvious when going back to internal sync. I'd say it made a good 5% increase in quality.

The next thing I did was purchase a bunch of outboard gear. I was using various gear in the external loops using the stock PARIS converters. The biggest difference was strapping a Drawmer 1968 across

> Yay baby! Hey Kim,

If I didn't know better, I'd say you'd moved into one of the nicer
spots in Chula Vista! (which is near San Diego)

'Cept for those funny mains outlets...

DC

and yeah, there is still more stuff you forgot you needed... grrr This is a multi-part message in
MIME format.

Hehe, well the guests room is kinda filling with boxes at the moment, courtesy
of being the unused room currently, but there is a guests room, and it has
a queen sized bed in it. I still need to acquire bed clothes and stuff for
it (the only doona I have spare is only a double), but yes there is a guests
room, so if you're ever in Melbourne chuck me an email. :o)

Cheers,
Kim.
