ted for =

each card=20
(they usually aren't) uninstall drivers and re-install new=20
version
drivers
4.Restart
5. If you didn't already load new =
drivers,=20
windows will prompt you at this
time. If you want to

do the =

automatic add thing...make sure you have all previous UAD =
versions
deleted=20
off your C

drive or it will just re-load old =
drivers.
6.Authorize=20
any new plugs
7.Open FXpansion
8.Remove powered plugins folder =
(assuming=20

this is where the UAD stuff is),do
