Here's what's left:

Black Mec in mint condition, w/cables \$75

Buy the Mec for \$75 and I'll throw in a legit copy of Paris 3.0 to make you
feel all warm and fuzzy inside. I actually paid 3 bills for this the week
it came out so it's completely transferrable.

Thanks again guys,

>Hey all - not getting rid of my entire system, just the stuff I've had as
backups / replacements. Here is the list:

(2) Black MECS. Good condition, a few scratches, work great, one is missing
2 cover plates (unless you get the cards i'm selling, then you don't need
the plates anyhow). One in original box, one not. \$150 each + shipping

(2) Black C-16s. Very good condition. No cables included unless you REALLY
need black ethernet cables. \$125 each + shipping

(3) EDS 1000. Will include xover cables with 2 of them. One in original box,
two not. \$250 each + shipping

(1) 8-IN Card. \$300 includes shipping in US

(2) ADAT Cards. One black, One blue. \$250 each , includes shipping

(1) SMPTE Card. Black. \$125, includes shipping

Would prefer PayPal with 3% to cover fee. Might be able to accept MO, but
ask me 1st. Only ship to US addresses - no PO Box. If you want insurance.
I will insure. I will also consider trades for the following items:

TC Powercore stuff
UAD-1 cards
MOTU Timepiece AV or express USB

MOTU interfaces - late mod only, 2408, 896, 24io, etc
UFX and ADAT I/O for Mackie d8b
NI Kore
Certain Keyboard controllers

Thanks! Oh yea - contact scott@postmodernblues.com

a thank you
note from my wife. She gets them Friday.

Thanks again!

Justin! still have a blue Mec (\$75) and a black adat card (\$200). If you want both make it \$250 plus shipping.

TedMan, even though I didn't buy any of you stuff, (being outside the US,) I'm sooo glad you were able to accomplish your mission.

(IMO one of the most noblest of them all....)

Hell, If I displayed your giving spirit a year ago, during a crucial time when it *really* mattered, I wouldn't be the lonely git that I am today.

Well done!!!
