arrggghh....

One of our guys on a jobsite thought a 100ft 25pin D-sub cable was going away (it was part of the old system) so, to make things easier, he cut the end off...

YIKES!!!!

No, of course, it is going right back in the new system.

Lest you fall for Obama's youth and charm, be aware he twice voted for IDX or partial birth abortion. For more on this unlovely act you could read this if you have a strong stomach:

http://en.wikipedia.org/wiki/Partial_birth_abortion

I'm actually not totally opposed to early abortion, under certain circumstances, but from what I just read, I could never support partial birth abortion of viable babies. It sounds totally barbaric. That makes Obama a barbarian or just stupid (which is about the same thing) in my book.

In case anyone cares, my reasoning on this is that once the body has developed to the point of being potentially viable, the spiritual being has claimed or even occupied it and then you are essentially killing his or her body, which is murder, right? I don't think the same is true about a tiny egg that has just become fertilized. There's no spiritual or sentient being there to my way of thinking. I hope I don't start a whole thing here or upset anyone with this fairly gruesome subject.
