He...

I just don't need any out cards.

I use three adat cards on three mecs to interconnect with my three pulsar
cards that have 5 adat ins and outs.

I was late getting into Paris so I guess I will be the last one I will get
out :)

Cheers,

Dimitrios

TyroneHi all

As I said back in August I was going to unload two 8 in and two 8 out
cards...unfortunately as things are in a fluid state in my studio I've
decided to keep one of each.

So for \$250 USD plus shipping each they can be yours

Don't buy the adat card from you

Just a quick update from the wife of the "Get Laid Guy". Your mission was accomplished. The earrings are beautiful and Justin is a very happy man. :D Thanks so much for all of your help. We both appreciate it!
