Cabron with a website...

sorry

2. kill goat and de-gut
 3. Get large wood board, tie goat on to board with string.
 4. Dig big hole in ground. line hole with hot coals.
 5. place goatnboard in hole. Place palm leaves over goat, add water.
 6. bury goat.
 7. wait 12 hours
 8. unbury goat
 9. remove palm leaves, remove goat and throw away goat, eat board.

Vary tasty, no spit!

Disclaimer: Goatonaboard dies!
