At least the pro Macs still have firewire. But that was one of the
>reasons I bought my iPod Photo and didn't hold off for the iPod Video.
>Mine is the last generation that uses Firewire -- the next model will
>still charge via Firewire, but will only sync up via USB2. And when I
>bought it, I only had USB1 ports and refused to buy a separate card.
>
>pabHey Doug-

I was just thinking about you the other day as this product came closer to
launch. How is your w
