Um Chris, I believe my post was defending just the opposite. Go back and
read it again. I've been part this group since 1998 and have never discouraged
anyone from posting.

I think the PT mix bus sounds just fine and I don't think that's what DC was saying. There seems to be an issue with the circuitry in the monitoring section of the Control 24 needing to be bypassed in order to hear the PT mix bus. I just got off the phone with Ed Stasuim a few minutes ago. He's got a pretty respectable PT HD system at hi
