Very nice Mike.

Its not finished. Lots of gear is still not plugged in, new carpets =
have to go down and the recording room is yet to be set up. That room =
looks the same as the one in these shots, but I'm storing stuff in there =
for now. I know it sucks to have the monitors in front of windows. I'm =
not sure how to handle that -maybe draps for mixing time? I imagine =
that I'll have to "shoot" the room at some point. At least to know where =
the bumps and holes are. In the end though, this place is so much =
better than any other space I've been in to date. These rooms are on =

the second floor. Downstairs is an open, currently unfinished space = about the size of a small one bay garage. Seems large enough to float a room in. If we elect to buy the house that comes with this space, maybe = I'll pretend I'm a carpenter... Pics below:
