the way where are you located? I'm in Cleveland. Trying to find the nearest Paris user to Ohio.
Thanks again

Ron Foley I'm in San Diego, CA. I seriously hope I'm not the closest PARIS user to you. As soon as I find out whether or not our government tax department will backflip on my C-19 "Jobkeeper" payment, I will donate as well! Still unsure ATM.

Thanks Ron and Mike.

Kim. All,

Update: Thank you all for your donations. I've gone back to UPS, FDX and US postal service for shipping prices and due to Covid they're worse. FDX \$346.50, USPS \$404.65, and UPS 424.60. Also, I've found it may take up to 30 days to go through customs which is not a real issue but Mike may have to pay tax on the value of the items. I said each of the three boxes were worth \$20. USPS said, "so you're spending \$400 to ship something that's worth \$60"
