I've been using a set of the Shure SLX's, the handheld with the SM58 head (Beta 58 also available). It's been rock solid for my wife (we also use four packs for two headsets and two guitars). Had them for nearly three years and using most weekends. They've work great and they're defninitely in the price range.

If you want to go a little more you can get a ulxs with the Beta 87A head, more channels, some say better mic, $769 at Geetar Center.

Hope this helps
