.</DIV>

<DIV>Its not finished. Lots of gear =
is still not=20
plugged in, new carpets have to go down and the recording room is yet =
to be=20
set up. That room looks the same as the one in these shots, but =
I'm=20
storing stuff in there for now. I know it sucks to have the =
monitors in=20
front of windows. I'm not sure how to handle that -maybe draps =
for=20
mixing time? I imagine that I'll have to "shoot" the room at =
some point.=20
At least to know where the bumps and holes are. In the end =
though, this=20
place is so much better than any other space I've been in to =
date. These=20
rooms are on the second floor. Downstairs is an open, currently=20
unfinished space about the size of a small one bay garage. Seems =
large=20
enough to float a room in. If we elect to buy the house that =
comes with=20
this space, maybe I'll pretend I'm a carpenter... Pics=20
