Hey you guys that use the UAD plugs in Paris. Are you tired of not =
having
enough headroom? Put the

Paris native eq AFTER the UAD plug. The ugly =
KAK!
goed away and you can still push the plug to get some mojo out of it. =
Don't
turn anything down on the Paris plug, just have it sitting there. You =
can
also place it before the plug, but then you'll have to turn it down to =
lower
the input to the plug. If you place it after, it just acts like a big =
ole
sonic shock absorber.
