He's one of our best field techs and has saved my butt many times when I needed something 40 feet in the air pointed just so, and it did not want to point that way.

Everyone does something stupid now and then. On the last job, my partner dropped a 2500.00 speaker 30 feet onto concrete. What a sound! He's never done anything like that before. I hope it isn't my turn to screw up now, but it probably is.

I ain't saying a word. Next time we need the extra 10% from him, he will pay us back many times over.

DCI think I'd be making the knuckle head that cut off the connector do all the soldering. I'll bet he is the same guy from the commercial that said, "I never did work on a transmission before!"

I WILL get it back out of him on one job or another...

Sorry, I find this unconvincing.

Essentially, RP says:

Old News

Already Dealt With

Rehashed

I didn't write that stuff

Dirty Trick on day of NH primary

I am sorry for not editing those comments more closely

I love MLK!

Sorry, no sale... I suspect those newsletters were unattributed (no author listed) for precisely these reasons: they would then be deniable.

They went out under his name. He is responsible.

Now, if those stupid articles had come out under MY name, I would have resigned from the org and LOUDLY denounced the author by name the next morning.  
If RP had done that, all he would have to do is quote himself. He did not. He is responsible for those stupid and ignorant articles.

I don't think he is a closet kluxer,

but those articles describe how he really feels IMO.

And if it was a dirty trick, why in hell use it now? Paul is not a factor in the race at this point. If it was a dirty trick, you save it for when he becomes a real threat to win, then you drop the bomb.

And, suppose a real kluxer, (or former kluxer) say Dukes or Byrd, was running. Would you buy the "old news" defense?

We need a Libertarian candidate to run. Not this one however.

DCWhy, as a matter of fact I have done one fairly recently - BOTH ENDS!

>Lest anyone think I am singling out RP, let me say this:

Hillary - machine politics, angry, corrupt, unelectable

Edwards - Slimy kissup to Obama looking for a VP slot. Obama will run from him. Zillionaire trial lawyer phony.

Obama - Good guy, good heart. A bunch of scary ideas, and some good ones. If he can rise to the occasion when he has to face the real opponents (the GOP candidates) he could win. I don't think it will happen.

McCain - That man has a really bad temper. He scares me. All the idiots who have characterized Bush as a cowboy, when he is the most mild and cautious of men, are going to get a shock when they replace a "cowboy" with a really pissed-off ex POW and torture victim. I like him, but he has a serious temper, just watch him closely at the debates. Yes, he has a right to it, but I am not sure he has mastered it.

Mitt - Too much of a suit for me. Too calculating, too little moral center. McCain despises him and with good reason. nonetheless he did a good job in MA. May be a better pres. than public figure, but we really don't need another one of those after 8 years of Bush.

Rudi - Best man to have when the chips are down. Not really a conservative, but looks like one compared to the Dems. Why is he behind? Skeletons in his personal life? Trust?

Thompson - He doesn't care about the media or image management; cannot be bought. A true conservative. May not be electable.

Huck - No legs. Scares me. If he is the candidate, the GOP may lose.

I can only say one thing:

This is going to be one wild and wooly campaign.

DC Better than a root canal? Worse?
