-----=_NextPart_000_00CD_01C5A340.67A57BE0--I bought on that group buy thing someone posted here a while back. \$175.00 I think. Worth it too me, since my room is hit and miss as far as recording drums. Plus it's nice being able to try different snare sounds after the fact or to just beef an existing track up a bit. Every tool has a use... at some point! ;-) Don't dismiss anything

as a possibility. I have grabbed some great sounds from the strangest things. I ended up using the attached mic for harmonica on a session... got a really cool "old" sound that fit the tune perfectly.
