Denver Dudes,
Don't you guys forget to post pics of your dirty deeds.

OK--I spoke to Jamie--it's Tai food Thursday
lunch and Mexican Friday (or vice-versa) at a=20
couple of our favorite joints--and a trip to
Jamie's setup and both of my locations. Everything
else up for the spur of the moment...???

I've done _way_ more than ten takes of guitar parts before getting the one I like. Usually I could comp a little but I still like the idea of playing it really right, and if that takes 20 ta

Damn, and here I was thinking I could pin the whole mess of the music business, from recording to retailing, on Steve Jobs.

:)Yeah Dj,

Why not then use the simple L R outputs in patch bay where every submix has these and route them to the related mec's out into your compressor and then back to your other mec.

Is the headphone out of any quality ?

You can use also the digital outs to connect to a Pulsar VINCO compressor
