>So here we go again. Steve Jobs is the bad guy??? He went and beat up the poor record companies and made them open up their libraries to Apple. Is that the way it was? I can't believe that some people will stand right in front of the truth and deny it.

The record companies have been pushing such crap music for the last 15 years that they were in trouble. With the advent of MP3s and the increased use of personal computers, the record companies could no longer maintain control of their music. With P2P file sharing, and the huge salaries they were paying the pimps to run the record co
