e=STRK:MESE:ITDear DJ<
Looking for cash only ?
Some trade offers ?

I have a 9636/52 (all adats 3 ins outs) plus wordclock.
I have a FMR audio RNC compressor.

I got back (buyer did not pay) my Roland R-880 digital reverb !!
Some consider it better than Lexicon 480 !!
I don't know because I don't ever ABed these but R-880 is fantastic device.
Its v2 with remote controller and a separate Ram card with lexicon, AKG, EMS
plates emulations from Lee Quintana, also an extra bought manual for it from
Lehrman.

Regards,
Dimitrios

I don't know because I don't ever ABed these but R-880 is fantastic device.

Its v2 with remote controller and a separate Ram card with lexicon, AKG,
EMS plates emulations from Lee Quintana worth of 150 \$ alone, also an extra
bought manual for it from Lehrman another 50\$.

These sell from 1200-1500 \$ when they can be found !

I will accept any fair offer.

Regards,
Dimitrios

Regards,

DimitriosBecause I always wanted a M5 Avalon.

I would accept if anyone is really interested in my Roland R-880 trade it
for an avalon M5

OK I know you might not have one but you can buy now (hehe) one on ebay
850 \$ and the trade it for my R-880.

I think that is too fair !

R-880 sells for up to 1500 \$!! especially with all the things I have for
it.

My feedback on ebay is only positive , well not as DJ...

Regards,
Dimitrios
