6F15420--DJ,

Noticed that you were following this. My take is that this guy is 90% right.

At one point (years ago) I was totally harassed, insulted and trolled by
all those old fools on a daily basis. Hundreds of others have been too.

Chuckhow did I miss that?

Nah, there's still guys there. Still a lot of BS, though.

Sorry for your loss as well.

Krell. Ahhhhh. I have always lusted after a stack of Krell
Monoblocks driving a pair of Apogeos - not the little ones, but the
big-ass ones as tall as I am. Heard that combo once in a audiophile
store and had to go home and change my shorts. It was that sweet.
Bass that just reached out and kicked you in the chest. But clean.

pabWell, Edmund can, but he's not into "sharing"
