Ya Lamont that price is crazy. Doesn't look like it's ready for PC yet =
either

unless I missed something.

Hi DJ,

The Price is a big stinker in my opinion. Actually, I think this plugin =
could

help the Steinbergs(Nuendo and CuBase) and Protools.

Although you can turn off the color(analog, tape) emulations on this =
plugin,

Paris has enough color of it's own.=20
