Oh yeah?!? Paris does!

Or is it just that it feels good. Remember the Sunkist Tuna commercials?

"Sorry Charlie - Sunkist doesn't want tuna with good taste. Sunkist wants tuna that TASTES GOOD!"

Don't know what that has to do with anything. Kind of a stream of consciousness thing. I took way too many drugs when I was young!

GanttPlus, there are times when I WANT to detune one of the lugs. So I think I'll stick with the "old fashioned" method. :^)
