ur enemies in the

>>> name of freedom of speech.....and/or

>>> 4. don't realize that if we lose this war, their freedom of speech and

>>> basically every other liberal cause that is dear to them will be toast

>>> and they will be the first to be slaughtered by those that they

>>> currently unwittingly (or willingly, for political purposes) aid and

>>> abet.

>>>

>>> More and more weasel'esque Republicans are starting to echo this in

>>> order to save their political arsses. The bottom line is that to win a

>>> fight, you need to be unified and you need to go to any lengths to get

>>> it over with quickly. This current situation in Iraq would have never

>>> happened if Clinton hadn't lived by the polls and not let an existing

>>> war drag on for 10 years and it's highly likely, IMHO, that things would

>>> be very different today if, subsequent to the disclosure of the

>>> perfidious behaviour of our "allies" that this country had united even

>>> further and realized that the threat we face is not just from the

>>> Islamic fundamentalists, but from the gutless behaviour of their own

>>> socialist/liberal role models worldwide. Our enemies, having been

>>> presented with with a historic precedent, have been encouraged to fight

>>> on because history has proven to them (and in doing so, Bin Ladin has

>>> been validated) that all they need to do is to hang on until we lose our

>>> will to fight and therefore defeat ourselves.

>>>

>>>thus, the lemming analogy.

>>>

>>> ;o)
