Where do I input them? Do I need to install new software too?

I'm talking about MEQ-5 and the Cambridge EQ.
Tom

UAD sent me an email stating that Paris was not supported...
I know that?!?! Arghh. But why can't they answer my question anyway? Are they software police now too?

I choose Polesoft Lockspa

>do not open any gui or hit play
as this will trigger the error message and pretty much lock you out
from doing the above.

.....awwww....c'mon man!!!! You're such a spoilsport. Let him have a half
day of fun with this like everyone else.

;oP
