She graduates from nursing school Today!!

Sarah, I wish you much luck and happiness with your new career.
Just don't quit making new CD's ok? ;o)Hardly ever time to post the past few years or so, but still
visiting several
times a week. My computer-based, media/graphic design teaching job kind of
kills my computer-based creativity after a long day in the media arts classroom.
But, this summer, I'm planning on finishing up a major project for a great
singer-songwriter from NC. Then maybe get back to my own stuff while I'm
on a roll.

No, I'm definitely not going anywhere at all. But maybe sideways ;-) into goodies.

Yeah, PARIS is still the place for me fer sure. (User since '98. One MEC, two EDS cards, two c-16s. Mac running v.2.)

Cheers,

Yeah, the desk goes away today. I am thinking of designing something that would solve these issues and seeing if anyone want to build it.

DCI'd have been first in line to buy 5 or 6. These people are the same ones that make everyone join a "homeowners association" which then bans working on your car, flags in the yard, and tells you what colors are approved for painting your house.

Oh, and NO home studios (it's noisy and a business!) would pass muster.

grrrr
