e his technical abilities, but would rather hear someone play three notes and make me cry than someone play a million and make me smile.

"John Petrucci is better THAN you." I caught that also. My pet peeve is "your" and "you're". Hey, your pretty observant Sarah! ;>)

I respect those guys greatly. They just haven't made me cry yet. =>)

Tony

PS - The G3 in Tokyo DVD with Petrucci is killer. As are they all.

>It's certainly doable. I do not, I feel that the Paris internal mixer has everything I need, but yes it is being done. You'll have to go in and do an *external patch* for each and every channel in the EDS inserts, then route that patch to an input/output on your mixer. You must have enough I/O to accomplish this, of course.

I choose Polesoft Lockspam to fight spam, and you?
<http://www.polesoft.com/refer.html>no one up for the squishy challenge? I got voxformer working pretty nicely
in case anyone else has this problem. Squish it !
