Myabe it is not their own vomit. You can't dust for vomit, you know.....Getting ready to leave the house. Lots of last minute stuff came up and I'm
running late. I probably won't hit Denver until around 5:00 PM (gotta love
rush hour)

According to BrianT this is a must have for Paris.
I bought one and there is another up for auction.
Would not get over 50-60 $ so its a bargain !!
What will this do for Paris ?
It will connect your Mec's analog ins and outs summing them to a common output
!
I bought this to connect for my three mecs the 20bit ins and outs to either
monitor for headphones or (my situation) be able to patch a Lexicon LXP-1
and LXP-5 (Jim Williams mods) so to be able to have these on every mec on
same auxilliary !!
Hope this helps.
regards,
DimitriosHi,
I am having some eds card problem here and I would like to eliminate the
power supply factor which is a good one by the way and only 1 year and a
half old.
Is there

Yeah and THEN you started a Paris NG...

And that sinking feeling got much worse!

heh heh...

DCWould like to get the Faderworks that Dimitrios is touting,
any info out there, thanks, Johnny.Hi Johnny,
smart move I say !

When buying please inform them that you are a Paris user as so that the author
knows that we Paris users do support him and he will be willing to hear any
improvements towards our daw.

So, IOW, it's just like Paris?

:)Dimitrios, thanks for the link, also I thanks for the great tips on
MEC routing, great detective work, your info is very appreciated,
I've been a Paris user since '98, always wondered if that routing
was possible in a usable scenario. very cool. JRI quit using PARIS a while ago. I just hang around to argue about religion
and stuff.

I would give much to be with you guys, but as allways in May, I use Euroes on 2 weeks in Greece.
Sorry, too far from Dimitros, since it will be on Creta with about 30 Scandinavian folksingers with friends. As I see, we'll be around 70 this year to start the summer this way, both young, children and "oldies" like me:-)

I could tie in some kind of joke about that "Milkshake" song
here, but it would probably be really sick.

:)I need to get a wireless mic for club and event gigs (weddings,
corporate). I'm familiar with all the manufacturers and in many cases
the mics themselves, but I know just about nothing about features to
look for in a wireless system.

My tendency would be to look at Shure, AT, Audix first, but are there
any clear winners in the not expensive category? I may well be looking
for something used on EBay so it does not need to be a current model,
necessarily.

BillHi Bill,

Do you have a budget for this ?
Also - what mic are you singing with presently ?

Morgan :)

Just thought you might want to know about the
current UAD PARIS group buy / crossgrades and UAD vouchers

Special for the PARIS community going on now !
UAD-1 DSP cards

$ 325 on project pak * plus 50 bonus voucher

$ 575 on Flexi - Pak * includes 500 voucher plus $100 bonus voucher
$ 949 on Ultra pak * plus 150 bonus voucher
$ 375 on EXPRESS Pak PCI-E * includes 100 voucher plus 50 bonus voucher
$ 849 on EXPERT Pak PCI-E * includes 750 voucher plus 100 bonus voucher
We're giving you three reasons to run out and buy UAD DSP cards, right now. Are you ready? The reasons are: $50, $100, and $150!

That's right! If you purchase and register a new UAD DSP PAK between April 1st, 2007 and June 30th, 2007, you'll get a non-expiring UAD$ Voucher for the UA Online Store. The bigger the PAK, the bigger the voucher. It works like this:

UAD-1 UAD-1e UAD$ Voucher
1. Project PAK Express PAK 50
2. Flexi PAK Expert PAK 100
3. Ultra PAK Extreme PAK 150

Once again, these UAD$ Vouchers DO NOT EXPIRE! You may use them at any time in the future, on any item in the UA Online Store. All you need to do is purchase and register those UAD DSP cards. The UAD$ Vouchers will appear automatically.

There is no limit to the number of cards you can buy, and vouchers you can get, but remember, a maximum of four UAD DSP cards can be used per computer.

Promotion expires June 30th, 2007 at midnight, Pacific time.

UAD-1 to UAD-1e Cross Grade - EXTENDED!
UA is offering a limited time Cross Grade Promotion for UAD-1 users. Purchase and register a new UAD-1e from an authorized UA dealer, and get an additional UA store voucher (beyond the one that comes in the box) towards your next Powered Plug-In Purchase, and KEEP or sell your UAD-1.

a.. Buy a new Express PAK, get an additional UAD$100 voucher
b.. Buy a new Expert PAK, get an additional UAD$250 voucher
c.. Buy a new Extreme PAK, get an additional UAD$250 voucher

Insiders tips

a.. You may cross grade as many times as you like, without limit, until the promo expires, as long as a PCI UAD-1 card remains in your account

b.. ANY UA UAD-1 changes to a Project PAK if you choose to sell it and keep your plug-in licenses (Mackie cards also have 1176LN & LA-2A). Please read our UAD-1 transfer policy

c.. These vouchers do not expire!

The UAD-1e can be integrated seamlessly with your UAD-1 cards, up to four total per system. Yes- all of your existing plug-in authorizations will work with your new UAD-1e card.

Promotion ends June 30th 11.59PST

As to budget, I'm thinking $500-700 or so. Is that realistic?

We sell and install the Shure wireless and are very happy with the line.

Bill,
I use a Sennheiser and it kicks too. Tone is very clear
compared to a 58 but still a dynamic.

The newest wireless setups have a muting circuit to eliminate
the squeal/squelch that can kill your speakers/mood if=20
you leave the mic off and the receiver on by accident.

There will also less frequencies available in the future
so multiple frequency transmission/reception is going to become
more important from what I've read. Maybe something that
hasn't been dealt with presently in hardware.

What he said.

We sell and install the Shure wireless and are very happy with the =
