thanks John good resource VHT I like...Hi Mike,

Thanks for attaching that. Unfortunately I'm still getting the same error. For the other IRQ assignments, I'm not sure what the eds card is using, as it doesn't show up under the IRQ list at all.

I've got Ensoniq Scherzo showing under system devices, and the midi driver showing under sound, video and game controllers..

If I switch to resources by type or connection -> IRQ, I don't see the eds card listed..

Cheers,

TC
