;HI DJ,

Vista is a much bigger jump than the jump from 95 to 98 or from NT to xp even bigger than 98 to xp. At least from the hardware driver end of things.

I'm predicting at least a year before it gets fully accepted in the pro world. This will also depend on Apple's moves in the next year which I think will effect how fast some pro audio and video companies will commit to vista.

Also don't forget how long it took Win 3.0, win95, win98, ME, 2k and xp to be solid enough to use in a studio.

I've actually
