I have downsized my studio and am using Cubase for what little I am doing now. I have (all blackface) a mec w/8in and adat cards. 2 EDS cards with cross connects a control 16, all cables and manuals. Also a tranferable (I think) version 3 software. Everything worked when I yanked it out of my studio PC in February. Non smoking studio and well taken care of but used. Price is \$500 for everything (won't part out) you pay shipping or pick it up in East Texas (tyler area). Email me with questions.

Thanks

Randy BrownDennis -

I have an 8-in and 8-out card for sale elsewhere in this forum. Drop me a note if you are interested. Paypal OK.

Deej,
Got the MEC today. I hope to have time tomorrow to
fire it up. I have to remove an ADAT and a 3700 to
make room for the 4 x 20 bit converters . . . Go figure.
