cognitions actually believe that's one of the primary things our memory does and re-write past experiences to get them to be more cohesive. A more accurate comparison would be that the research shows that in a group of people who couldn't hear a difference between two CDs it's a decent bet that at least 1/3 of them cou

Thinking about you.
GeneTruly some of the best music being made today. I am a huge fan.

yes it does!...especially on vinyl...

.....and, with all respect due to you guys, I think that it was pretty cool...I mean, like , in a kinda Corb Lund sorta way...lol... I love bluegrass so I'd plunk out 25 bucks to go see them do that stuff...even if just to see if they could keep a straight face.....
